Advertising of medical books in newspapers. *See* Medical Books
Advertising nostrums in vaccination-papers, 340
Æsculapius, temple of in Paris, 301
Air-passage, foreign body in, 636
Aitken, Dr. L., subcutaneous injection of quinine in remittent fever, 410
Albumen, peculiar, Dr. J. Haddon on, 191, 286; Dr. G. Johnson on, 256; Mr. F. S. Parsons on, 256; Mr. C. A. Rayne on, 256; Dr. T. S. Dowse on, 286; Dr. A. Leared on, *ib.*; Mr. G. S. Johnson on, 381; estimation of in urine, 257
Albuminuria, Dr. W. H. Dickinson on pathology and relations of, 467, 499, 559, 588, 653, 683; of pregnancy, milk-diet in, 602
Alcohol, physiological action of, 49; in hospitals, 135; place of in therapeutics, 303; in workhouses, 448; medical conference on, 454; remarks on, 666; new test for, 668; Mr. F. C. Hewett on, 721
Aleppo boil, Dr. G. Thin on, 225
Alexander, Mr. D., medical etiquette, 776
Alkali act, working of in Scotland, 418
Amberley, Lord, death of, 81
America, intemperance in, 139; the exhibition in, 573
Ammonia, use of in snake-bite, 51
Amputation at knee-joint, 54, 58; at hip-joint in children, 116; Roux's, 510
Amyl, nitrite of, in chloroform poisoning, 19; administration of 151, 213; in epilepsy, 574
Amyloid reaction in dysmenorrhœal membrane, 112
Anæmia, progressive pernicious, 324
Anæsthesia, local apparatus for, 580
Anæsthetics, use of in hospitals, 12, 73, 162; in extraction of teeth, 62; letters on 370
Analyst, public, for Lancashire, 27; in Huntingdonshire, 492
Anatomy, human, at Cambridge, 48, 91; teaching of in University of Berlin, 174; morbid, M. Charcot on, 486; Quain's Elements of, *rev.*, 511; at the Royal Academy, 636
Anderson, Mr. M. F., Uppingham water, 308
——— Dr. T. McCall, internal administration of tar in psoriasis, 217
Andral, M., death of, 232
Anencephalous fœtus, Mr. H. Habgood on, 505
Aneurism of mitral valve, 53; of septum of heart, 54; intracranial, death from in a boy, Mr. J. Broadbent on, 102; of pulmonary artery, 116, 324; of thoracic aorta with syphilitic history, Dr. W. C. Maclean on, 283; internal, Mr. J. Tufnell on Successful Treatment of, *rev.*, 288; of thoracic aorta, dissecting off pericardium, 323; of entire thoracic aorta, 364; of aorta, opening into pericardium, 366; of arch of aorta, partial spontaneous cure of, 414; of arch of aorta, ligature of carotid artery for, *ib.*; thoracic, treated by electrolysis, 455, 510; dissecting of thoracic aorta, 458; double popliteal, Dr. G. M. Humphry on, 593; of innominate artery opening into trachea, 598; Dr. J. Duncan on treatment of by electrolysis, 619; cerebral, 644; cirsoid and anastomotic, treatment of by electrolysis, 715
Angina Ludovici, 58; Mr. A. Doig on, 475; pectoris, pathology of, 582
Aniline blue-black as a histological dye, 51
Animals, experiments on, *see* Experiments; drugging of, Bill regarding, 615
Ankylosis of both hip-joints, Mr. E. Lund on a case of subcutaneous division of neck of femur for, 128; of hip, operation for, 705, 754
Annandale, Mr. T., large osseous tumour removed from under the ligamentum patellæ, 225; femoral and unguinal hernia on same side, 561
Anstie, Dr. F. E., biographical notice of, 80
Anthropometrical observations, Dr. P. Boulton on, 280
Antiseptic method in the Edinburgh Infirmary, 84; action of borate of soda, 362; treatment of wounds, 785
Antivaccination post-cards, 400
Anus, colotomy for epithelioma of, 349
Aorta, thoracic, Dr. W. C. Maclean on aneurism of, 283; aneurism of dissecting off pericardium, 323; entire, aneurism of, 364; aneurism of, opening into pericardium, 366; aneurism of, partially cured spontaneously, 414; ligature of carotid artery for aneurism of, *ib.*; aneurism of treated by electrolysis, 455, 510; dissecting aneurism of, 458; disease of, 643
Aphasia described by Goethe, 137; in a boy, 459
Apoplexy, ingravescent, 755
Apothecaries' Society, action against a druggist, 170, 176; deputation from Medical Defence Association, 328; correspondence with East of London Medical Defence Association, 709
Appeals, 31, 62, 151, 370
Arboretum, proposed, in Edinburgh, 110, 235, 296
Arbuckle, Dr. J. H., ocular cases, 720
Archer, Dr. R. S., testimonial to, 436
Archipelago, the Indian, 517
Arlidge, Dr. J. T., address to North Staffordshire Sub-Branch, 207
Arm, gunshot wound of, 166
Army, British, scheme for reorganisation of medical service, 28, 119; married soldiers' quarters, 28; changes among medical officers, 28; Rev. W. Wright's letters on the Army, 60; the soldier's ration, 79; circular as to retirement, 91; Sir William Muir, 91; surgical instruments, 92; retirement of Surgeon-Major Currie, 148; Dr. Hamilton's recent pamphlet, 148; want of candidates for medical service, 178; the short service scheme, 199, 264, 305, 326, 367, 384, 493; questions in Parliament, 206, 648; promotion in the Guards, 211; medical officers and regimental mess and band funds, 211, 523; medical service of, 211; successful candidates, 211; remarks on reform of medical department, 230; perils of medical officers, 266; proceedings in Parliament respecting medical service, 273, 336, 366, surviving Waterloo and Peninsular surgeons, 305; overcrowding in barracks, 306; medical exchanges, 427, 428; appointments in the Guards, 427; veterinary surgeons, 428; the lectures of hygiene in the medical school, 461, 523; regimental medical officers, 493; the new warrant, 512, 603, 638; the Alexander prize, 523; deaths in medical department, 523; the medical service and civilian medical men, 615; returns to General Medical Council, 690; proceedings in Medical Council regarding warrant, 690; vote on candidates for the medical service, 612

Barony poor-house, 60
Barracks, overcrowding in, 306, 520
Barton-upon-Irwell district, sanitary state of, 427
Barwell, Mr. R., movable bodies in joints, 184, 312, 403
Bastian, Dr. H. C., on Mr. Tyndall's experiments, 139; the germ-theory, 157, 222
Bath, hot, death from scalds by a, 21; Turkish, death in a, 706
Baths and washhouses, 49
Bavaria, hospital statistics in, 19
Beale, Dr. L. S., germ-theory, 223; spontaneous generation, 254
Beamish, Dr. R. T., foreign degrees, 307
Beaney, Mr., case of, 477
Beatty, Dr. T. E., proposed memorial of, 22
Beer, Mr., use of anæsthetics, 13
Begbie, Dr. J. W., gift to Royal Medical Benevolent College, 19; to British Medical Benevolent Fund, 80, 301; illness of, 268; death of, 296, 297; Dr. Gairdner's tribute to memory of, 411; biography of, 337; Dr. Noel Gueneau de Mussy on, 482
Béhier, M., death of, 638
Belfast, sanitary regulations in, 175; sanitary state of, 236, 243
Bell, Mr. A. E., climate of Madeira, 302
——, Dr. R., diphtheria, 131
Belladonna, Mr. Murrell on diabetes treated by, 8; action of, 46; poisoning by liniment of, 50
Benefactor, a medical, 665
Benn, Mr. Edward, 546
Bennet, Dr. J. H., mineral acids in inflammatory disease of cervix uteri, 102
Bennett, Dr. Risdon, his election as President of the Royal College of Physicians, 479
Bequests, 22, 52, 80, 83, 142, 233, 355, 453, 554, 611, 703
Bernard, Dr. W., effect of cuca leaves, 750
Bile of carnivorous animals, Dr. G. Kemp on, 287
Bile-duct, common, obstruction of by a dislocated kidney, 133
Birth, a remarkable, 50; of five children, 93; triplets, 31, 424; quadruple, 776
Birth-rate in Canterbury, Mr. Rigden on, 69
Black, Dr. D. C., Lectures on Bright's Disease, *rev.*, 75; advertisement of medical books, 463, 585
——— Dr. P., Respiration, *rev.*, 132; Dr. Johnson on his theory of asphyxia, 224, 348; a theory of asphyxia, 316
Bladder, puncture of *per rectum*, Mr. S. Lee on, 11; bougie removed from, 324; irritable, treatment of, 308, 369, 495; after lithotomy, 539; Dr. C. Young on removal of broken catheter from, 682; epithelioma of, 758
Blake, Dr. J., open-air treatment of consumption, 687
Blargue, Dr. W., telegraph wire-splints, 721
Bleeding, Dr. H. Moore on, 68
Blenkarne, Mr. W. L., sling for fractures of upper extremity, 476; menstruation in an octogenarian, 775; nervous shock communicated to infant, 806
Blind, asylum for in Edinburgh, 21, 424, 706; asylum for in Glasgow, 205
Blindness, hysterical, 510; Dr. J. Hardwicke on, 562
Blood, measurement of corpuscles in, 806
Blood-cyst, anomalous, 112
Blood-poisoning, death from, 663, 738
Blood-vessels, retinal, Mr. Nettleship on unusual distribution of, 161
Blyth, Mr. W., Dictionary of Hygiene, *rev.*, 445
Boggs, Dr. A., change of climate in phthisis, 522
Bones, cranial, removal of, Dr. A. Morison on, 256
Boodle, Mr. R. M., testimonial to, 109
Borate of soda, antiseptic properties of, 362
Bott, Dr. T. B., ulceration of frænum linguæ in whooping-cough, 781
Bougie removed from bladder, 324
Boulton, Dr. P., anthropometrical observations, 280
Bourneville, M., Hysterical Contraction, *rev.*, 133
Bouton de Biskra, 192; Dr. Thin on, 225
Bowles, Dr. R. L., atropine poisoning by ophthalmic drops, 533
Brabazon, Dr. A., irritable bladder in the female, 495
Bradbury, Dr. J. B., pathology, 249; chorea with delusions during convalescence, 717
Bradley, Mr. S. M., nævus treated with injection of carbolic acid, 443
Brady, Dr. D. P., resolution concerning, 390
Braidwood, Dr. P. M., and Mr. Vacher, contagium and disinfectants, 773
Brain, case of hæmorrhage in, 114; localisation of function in, 291; use of the ophthalmoscope in injuries of, 362; Dr. Broadbent on construction of, 401, 433; tumours of, 784
Braine, Mr. F. W., use of anæsthetics, 12
Branwell, Mr. R., the annual meeting of 1876, 487, 580
Bravo, Mr., the death of, 609, 631, 639, 664
Breast, cancer of, and of ovaries, 54; minute anatomy of in case of eczema, 89; tumour of, 193; Dr. G. Buchanan on tumours of, 247; scirrhus of, 258; open sore of, 755
Brew, Mr. H. B., rheumatic fever treated by salicine, 687
Bright's Disease, Dr. D. C. Black's Lectures on, *rev.*, 75; retinitis in, 194; Dr. J. O. Brookhouse on defective nerve-power as a cause of, 473
Broadbent, Mr. J., intracranial aneurism in a boy, 102
——— Dr. W. H., the ideal of medicine, 100; pathology of syphilis, 318; theory of construction of nervous system, 371, 401, 433
Brocklehurst, Captain, the proposed temperance hospital, 214
Bromide of potassium, action of, 17
Bronchocele, Dr. J. Duncan on treatment of by electrolysis, 716
Broom, Dr. J., irregular maturation of vaccine vesicle, 565
Brookhouse, Dr. J. O., defective nerve-power as a cause of Bright's disease, 473
Brown, Mr. Henry, strictures, 805
——— Dr. John, pension to, 452
Browne, Dr. J. Crichton, presentation of address to, 449
——— Mr. Lennox, administration of nitrite of amyl, 213
Brushfield, Dr., attack on, 137
Buchanan, Dr. G., tumours of the breast, 247
Bulbar paralysis, 321
Buller, Mr. F., use of anæsthetics, 73
Burggraeve, Dr., Monument à Edward Jenner, *rev.*, 13
